PERRY, OHIO

NORTHERN LIGHTS  
(Stinson)

# NOTICE

Please note that we have moved and our new address is now Perry, Ohio. Our location is now 3 miles west of Madison on Middle Ridge Road, which runs parallel between Rt. 20 and Rt. 84. Your increased demand for our bulbs made it necessary for us to move. Our storage capacity is more than doubled in our new location and we now have 100 tillable acres of the finest nursery soil in Lake County to rotate our bulb crop on.

With this catalog we are pleased to offer a new line of evergreens and shrubs in small sizes. We will endeavor to provide the same service and quality as we have in the past with our glads. Bulbs will be sent separately at time requested, nursery stock at proper planting time.

## Directions For Ordering

Please do not split quantities as listed. As an example where a variety is listed at 2 for 12c, 3 for 15c, etc., do not order 1 at a lower price. Ten bulbs at 8 times the single price. 25 bulbs at 18 times the single price.

All retail orders amounting to \$2.00 or over will be sent prepaid to any point in U. S. On orders of less than \$2.00, please add 25c extra for postage and packing. Each order must be accompanied by remittance in full, or a 25% deposit, the balance C.O.D.

If you wish to order part from the retail list and part from the quantity list, we will send the order transportation collect and will include extras or over-count to make up for the transportation on the retail items.

All orders received subject to prior sale. We recommend that you order early to avoid disappointment in case we run out of a variety.

We add extras to each order, the amount and varieties vary with the size of the order. It will help us if you will suggest varieties you would like to try.

Cultural directions will be sent free with your order.

## Quantity Prices

Please refer to Quantity Prices in back part of catalog. We grew about 25 acres of glads this year and dug several million bulbs. On large lots of bulbs and bulblets we will be pleased to quote prices.

## Bulb Sizes

We offer bulbs in three sizes: Large size is from 1 $\frac{1}{4}$  inches in diameter, medium size from  $\frac{3}{4}$  to 1 $\frac{1}{4}$ " in diameter, small size  $\frac{3}{8}$  to  $\frac{3}{4}$  inches in diameter. For top performance the large size bulb is best. Medium size bulbs will give good blooms, but will be smaller and bloom a little later in the season. Small size bulbs will generally bloom, but spikes will be noticeably smaller. They will make large bulbs for next year.

## Bulblets

Bulblets are hard shelled cormels which are found at base of bulb when dug. They are recommended to experienced growers who want to get an inexpensive start of a variety, often they are difficult to germinate so we do not guarantee them to grow. Packages of bulblets will run from 50 upward.

(No bulblet orders accepted after April 1st)

## GUARANTEE

We make every effort to send out stock of the highest quality, true to name. If error should occur we will endeavor to make satisfactory adjustment. Under no circumstances will we be liable for more than purchase price or to replace the stock. As the planting and care of stock sold by us is beyond our control, we cannot be in any way responsible for the results after planting.

# Key to Descriptions

First is the name of the variety, then in parenthesis the size and color class figures (see Classification Key below).

Following this is the name of the originator and the year in which the variety was first available to American purchasers.

The figures in the last parenthesis denote the number of growing days required from planting to date of blooming for large bulbs.

Because of soil conditions, climate, etc., this will vary considerably. However, the blooming dates will give some idea of what to expect from a variety.

## Classification Key

The number after the name of the variety denotes the classification number as they are classified in our gladiolus shows at the present time. They are classified in five sizes as follows:

Miniature Glads .....	100—Florets under 2½"
Small Glads .....	200—2½" through 3¼"
Medium Glads .....	300—3¼" through 4¾"
Large Glads .....	400—4½" through 5¾"
Giant Glads .....	500—5½" or larger

For instance Abu Hassan is the first variety described, whose number is 378. The 300 means it has a floret size from 3¼" through 4¾" and the 78 designates it as a deep violet. Hence the numbers right after the name tell the story of the size and color of the individual florets as grown under field conditions from large bulbs.

## Color Classes

Class		Class	
00 White	00 without conspicuous marking	50 Red	50 (Light)
White	01 with conspicuous marking	Red	52 (Deep)
Cream	06	Red	54 (Black)
10 Yellow	10 (Light)	60 Rose	60 (Light)
Yellow	12 (Deep)	Rose	62 (Deep)
Buff	16	Lavender	66
20 Orange	20 (Light)	70 Purple	70
Orange	22 (Deep)	Violet	76 (Light)
Orange	24 (Red Orange)	Violet	78 (Deep)
30 Salmon	30 (Light)	80 Smoky shades	
Salmon	32 (Deep)	Smoky	82 (Orange Smoky)
Scarlet	36	Smoky	83 (Salmon Smoky)
40 Pink	40 (Lt.) No markings	Smoky	84 (Pink Smoky)
Pink	41 (Lt.) with c. mark.	Smoky	85 (Red Smoky)
Pink	42 (Deep)	Smoky	86 (Lavender Smoky)
		90 Any other color	

# **SELECTING VARIETIES**

We believe each variety listed in our catalog is worthwhile and merits your consideration. You may or may not like a variety depending upon your personal tastes and the use you make of the flowers. Soil, climatic conditions, etc., will also cause varieties to vary in performance. This may make it necessary to try and discard varieties not suited to your conditions.

Cutflower growers selling blooms to florists need to grow a large proportion of whites and pinks. Lavender, yellow, and red are colors that follow in demand. The florists usually do not care for too many of the dark colors. If you are growing blooms for roadside stands or home decorations the darker colors such as blue and smokies sell well.

Price is not necessarily an indication of the merits of a variety. Newer kinds must be higher in price because of scarcity of stock. We do advise cutflower growers to get a start in some of the newer kinds such as Astrid and Spic & Span. While the price may be too high to make out on cutflowers in the first year or two, your original investment will pay handsome dividends by enabling you to work up a stock ahead of your competitor and will pay off in premium prices for blooms over a period of years.

We are listing some recommendations to help you:

**EARLY VARIETIES** — Abu Hassan, Adoration, Annamae, Astrid, Blue Beauty, Friendship, Gelber Herald, Gene, Gold Dust, Gratitude, Heart O' Gold, Huntress, Invictus, June Day, June Rose, Margaret Wood, Mt. Index, Myrna Fay, Radiance, Red Cherry, Rhett Butler, Rose Charm, Salman's Glory, Skyway, Spun Gold, Truelove, Wedgewood.

**TRIED AND PROVEN CUTFLOWER VARIETIES** — Algonquin, Anna-mae, Big Top, Buckeye Bronze, Burma, Chamouny, Corona, Dieppe, Elizabeth the Queen, Firebrand, Gaylore, Gold Dust, Harmau, Huntress, Jeanie, Jules Amott, Lady Jane, Lav. Prince, Leading Lady, Marg. Beaton, Mether Kadel, Orange Gold, Pandora, Picardy, Purple Supreme, Red Charm, Silver Wings, Snow Princess, Spotlight, Truelove.

**NEWER PROMISING COMMERCIAL VARIETIES** — Astrid, Betty Duncan, Birch Red, Boise Belle, Chief Pontiac, Conn. Yankee, Evangeline, Florence Nightingale, Friendship, Genghis Khan, Gold, Ladrone, Lady Marion, Nancy, Margaret Wood, Mt. Gem, October Sunshine, Parthiena, Patrol, Preview, Red Cherry, Red Wing, Rose Charm, Salman's Glory, Skyway, Sparks, Spic & Span, Sun Spot, Tivoli, Victory Queen, White Goddess.

**BEST EXHIBITION VARIETIES** — Black Cherry, Boise Belle, Bold-face, Burma, Clarence D. Fortnam, Conn. Yankee, Daisy Mae, Dieppe, Eliza. the Queen, Evangeline, Firebrand, Gail, Kelsey, Kittyhawk, Lady Marion, La Valle, Leading Lady, Mid-America, Mighty Monarch, Noweta Rose, Parthiena, Patrol, Phantom Beauty, Polynesie, Red Charm, Red Wing, Siboney, Silver Wings, Spic & Span, Spindrift. Strathnaver, Sun Spot, Titan, Tivoli, White Challenge, White Christmas, White Goddess, Yankee Lass.

**RUFFLED VARIETIES** — Aureole, Boise Belle, Burma, Connie G, Clarence D. Fortnam, Dieppe, Elizabeth the Queen, Evangeline, Friendship, Gene, Genghis Khan, Kathy Lee, Prosperity, Ruffled Night, Siboney, Spic & Span, Tecumseh, Wedgwood, White Christmas, White Goddess.

**RECOMMENDED LIST FOR BEGINNERS** — Abu Hassan, Black Opal, Buckeye Bronze, Burma, Chamouny, Corona, Dieppe, Elizabeth the Queen, Jeanie, Lady Jane, Lavender Prince, Leading Lady, Orange Gold, Picardy, R. B., Red Charm, Snow Princess, Spotlight.

## MIXTURES

We recommend these mixtures as just the thing for those who do not care to keep the names of varieties separate, but do want a nice garden of glads. Our mixtures are hand made of a well balanced selection of colors. If named these bulbs would cost several times the price asked here. The exhibition mixture contains many of the higher priced varieties. All collections postpaid.

Rainbow Mixture		Exhibition Mixture	
Large Bulbs	Medium Bulbs	Large Bulbs	Medium Bulbs
50 - \$ 2.75	50 - \$ 2.00	50 - \$ 5.50	50 - \$ 4.00
100 - \$ 5.00	100 - \$ 3.50	100 - \$10.00	100 - \$ 7.00
200 - \$ 9.00	200 - \$ 6.00	200 - \$18.00	200 - \$12.00
500 - \$21.00	500 - \$14.00	500 - \$42.00	500 - \$28.00
1000 - \$40.00	1000 - \$17.00	1000 - \$80.00	1000 - \$54.00

# **NEW INTRODUCTION for 1951**

## **Gold (412) Marshall '51 (78)**

Here is exciting news! Yellows have long been a weak color in glads and Gold is a big step forward in the yellow class. It is hard to believe that this glad combines such outstanding qualities as vigor, health, height, floret size and substance with a rare beautiful deep yellow color, and ruffled wide open florets. In addition it is a fair to good propagator, opens well in water, does not crook, holds 7 open well attached florets, and it makes good sound bulbs.

As a seedling of Orange Gold its only apparent weakness is a lack of stretch in the flowerhead.

Gold has an excellent show record but its chief value we feel sure will be a cutflower.

**Price, each bulb, any size \$5.00;; 1 bulb, any size, and 6 selected bulblets for \$10.00. No bulblets sold without the purchase of a bulb. Growers units upon request.**

# **DESCRIPTIVE LIST**

(L means large; M means medium; S means small; Blbts. means bulletts.)

## **ABU HASSAN (378) Holland '47 (77)**

A deep rich violet blue glad. Very much like Pelegrina in color but an improvement on that variety in that it does not crook. A few spikes of this in a mixed bouquet of glads adds much to its beauty. Very popular.

**L 12c; M 2-15c; S 5-15c; Blbts. pkg. 25c**

## **ADORATION (466) Klein '48 (75)**

An early pink orchid with a creamy throat. Adoration has a lovely pastel color that blends well with other flowers. Bulletts grow extremely well and make mostly large bulbs. This did well for us as an early cutflower last year.

**L 35c; M 20c; S 15c; Blbts. 10-25c; 100-\$1.00**

## **ALGONQUIN (536) Palmer '39 (80)**

Brilliant, glowing scarlet. This glad is very popular in its class and still compares favorably to most of the newer reds and scarlets.

**L 10c; M 2-12c; S 6-15c; Blbts. pkg. 20c**

## **ALL GLORY (421) Toon '46 (75)**

A novel color of deep tangerine orange with royal purple throat blotch overlaid with cerise with distinctive cerise rib down center of lower petals. Holds about 8 nicely ruffled 5-inch florets open.

**L 25c; M 12c; S 2-15c; Blbts. 10-15c; 100-\$1.00**

## **A. L. STEPHEN (433) Windsor '42 (85)**

Orange pink with a red throat blotch. Opens 6 good sized blooms on a tall spike. One of the better blotched varieties. Very much in demand last year.

**L 20c; M 12c; S 2-15c; Blbts. 10-20c**

## **ANIMATION (552) Buff '47 (83)**

Bright red with cream throat lines. Grows tall with 6 open 6 inch florets. Will make a fine exhibition and cut flower variety.

**L 25c; M 15c; S 10c; Blbts. 10-20c; 100-\$1.00**

## **ANNAMAE (400) Pommert '40 (70)**

A good early pure white cutflower. Few if any varieties approach the purity and intensity of whiteness found in Annamae.

**L 10c; M 2-10c; Blbts. pkg. 20c**

## **ASTRID (560) Jack '46 (77)**

Clear medium rose that will open about 6 ruffled blooms. A bright attractive shade that everyone admires. Each year this continues to make a more favorable impression on us and we feel sure will be grown in quantity as a cutflower when better known.

**L 20c; M 12c; S 2-12c; Blbts. 15-15c; 100-60c**

## **ATHENE (400) Kuhn '49 (75)**

Outstanding white shading to cream throat. Will hold 10 open on 54 inch spike with 20 to 22 buds. Has been enthusiastically accepted by growers everywhere. Looks like a double-barreled hit for both show and commercial use.

**L \$2.00; M \$1.50; S 75c; Blbts. 20c each**

## **AUREOLE (412) Pruitt '48 (80)**

A clear ruffled fairly dark yellow. Holds about 6 open. Good propagator. Fine cutflower prospects. You would admire the floret shape and ruffling of Aureole in any other color but it is especially welcome in a yellow.

**L 12c; M 2-12c; S 5-15c; Blbts. pkg. 30c**

**BEAUTY'S BLUSH (440) Fischer '47 (85)**

As the name suggests it is a blush white with a sparkling pink undertone. A seedling of Margaret Beaton it seems to have inherited the vigorous tall growth of that variety. It will open 7 flat well attached florets. A planting of this that bloomed in the cool fall weather this year gave us the beautiful sparkling color that gave this variety its name.

**L 12c; M 2-15c; S 2-10c; Blbts. pkg. 25c**

**BENJAMIN BRITTEN (470) K & M '49 (80)**

A new shade of deep lavender shading to purple. Color somewhat like Lav. Prince, but with rounder more beautiful florets. Received top rating at the 1949 West Virginia Test Garden.

**L 50c; M 35c; S 25c; Blbts. 5-25c; 100-\$3.00**

**BETTY'S CHOICE (362) Harris '45 (90)**

A ruffled rosy mauve with cream blotch. We are particularly enthusiastic about the color value of this variety. Like Coutt's Orchid in color, but superior cutflower traits. Wish it would propagate better. Recommended

**L 12c; M 2-15c; S 2-10c; Blbts. pkg. 30c**

**BETTY DUNCAN (422) Benedict '49 (82)**

Lovely orange blending to a clear golden throat. Grows tall with 7 open florets. Bulblets grow and germinate well, most of ours bloomed this year. Looks like a good commercial orange.

**L 50c; M 35c; S 25c; Blbts. 6-25c; 100-\$3.50**

**BEROLINA (452) Pfitzer '49 (82)**

A medium deep red with a distinctive creamy white blotch. Opens 6 round florets on a tall stem. Good grower and propagator.

**L 25c; M 15c; S 10c; Blbts. 10-20c; 100-\$1.50**

**BIG TOP (541) Rich '42 (75)**

One of the largest varieties we grow. Testing several varieties for earliness this was surprisingly early for such a large glad. Light pink with small carmer feather.

**L 10c; M 2-10c; S 10-25c; Blbts. pkg. 25c**

**BIRCH RED (552) Rich '45 (90)**

Smooth pure sparkling medium red. Opens 7 on a 19 bud flower head. Wins frequently in its class. Its tall consistent vigorous growth and beautiful color will excite any cutflower grower. Recommended.

**L 50c; M 35c; S 25c; Blbts. 10-40c; 100-\$3.00**

**BLACK CHERRY (554) Rich '48 (85)**

A giant black-red that will open up to 9 6-inch blooms on a 24-inch flowerhead. Has won numerous awards and looks like the best in this class.

**L \$2.00; M \$1.50; S \$1.00; Blbts. 20c each**

**BLACK OPAL (354) Errey '36 (92)**

Exhibition dark red. Makes an impressive spike with up to 8 blooms open. The standard dark red.

**L 10c; M 2-10c; S 10-25c; Blbts. pkg. 20c**

**BLUE BEAUTY (476) Pfitzer '36 (75)**

Light violet blue, vigorous grower. The best medium blue on the market.

**L 10c; M 2-10c; S 6-15c; Blbts. pkg. 25c**

**BLUE BONNET (576) Beardmore '48 (80)**

A very beautiful blue with a deeper violet blotch. Good grower from bulblets. Has an impressive show record.

L \$1.50; M \$1.00; S 50c; Blbts. 15c each; 10-\$1.20

**BLUE LAGOON (478) Snyder '46 (70)**

Medium blue with slightly lighter throat. Good propagator and grows tall.

L 35c; M 20c; S 2-30c; Blbts. 15-25c; 100-\$1.50

**BOISE BELLE (343) Roberts '48 (100)**

Very ruffled blooms holding 10 open. A stunning combination of yellow and pink. Good grower and propagator. Planted early this should win easily on the show table. Cut flower possibilities excellent. Recommended.

L \$1.00; M 75c; S 50c; Blbts. 2-20c; 100-\$6.00

**BOLDFACE (533) Evans '47 (82)**

A striking color of deep salmon pink with black red brush mark on clean white throat. Holds 8 5½-inch blooms open on a tall spike. Fine show record, and looks like the best from this originator to date.

L 50c; M 40c; S 30c; Blbts. 8-25c; 100-\$2.50

**BOULOGNE (462) Salman '47 (85)**

A new valuable color of reddish rose or wine red. Makes tall heavy plants, prolific and an easy grower even from small bulbs. In addition to all this it will hold 8 well-placed blooms open making it an important addition to our list of varieties.

L 12c; M 2-12c; S 10-25c; Blbts. pkg. 30c

**BUCKEYE BRONZE (490) Wilson '40 (90)**

Popular smoky bronze with a commercial future. Good fall color that blends especially well with mums.

L 10c; M 2-10c; S 10-25c; Blbts. pkg. 20c

**BURMA (562) Palmer '43 (88)**

A very beautiful deep rose. Opens about 8 huge wide open heavily ruffled blooms with all the buds showing color. Don't miss this one.

L 10c; M 2-10c; S 10-25c; Blbts. pkg. 20c

**CAPT. KIDD (452) Roberts '50 (80)**

Deep blood red. Opens 6 on a 54-inch spike. Excellent propagator.

L \$3.00; M \$2.25; S \$1.50; Blbts. 25c each; 10-\$2.00

**CATHAY (412) Palmer '48 (85)**

Beautiful clear medium yellow. Individual blooms very attractive with good size and exquisite ruffling. Medium height with 5 open blooms.

L 50c; M 35c; S 20c; Blbts. 8-25c

**CHAMOUNY (360) Baerman '38 (85)**

Light cerise rose with silver line on the edge of petals. Outstanding except for some short flower heads. This is extremely popular with florists. Well worth growing for unusual beautiful color.

L 10c; M 2-12c; S 10-25c; Blbts. pkg. 25c

**CHERBOURG (462) Salman '47 (78)**

Vivid deep purplish carmine rose. Opens 7 nicely arranged florets on a tall straight spike.

L 15c; M 10c; S 2-10c; Blbts. pkg. 30c

"Thanks for a good selection of healthy bulbs and the extra count."—Mrs. R. G., Croswell, Mich.

**CHEERY JAM (543) Zimmer '43 (80)**

The deep salmon color of this with a striking cherry blotch on lower petals attracts a lot of attention. Holds about 8 large ruffled blooms open on a medium height plant.

**L 10c; M 2-12c; S 10-25c; Blbts. pkg. 25c**

**CHIEF PONTIAC (524) Snyder '48 (85)**

Clear deep orange scarlet shading deeper in throat. Tall, strong, vigorous grower that opens 6 6½-inch ruffled blooms.

**L \$1.00; M 75c; S 50c; Blbts. 4-25c; 100-\$4.00**

**CIRCE (523) K & M '49 (80)**

Clean striking color of deep orange with a cream yellow throat and a small scarlet blotch. The color value of this variety is rated tops by many gladiolus experts. Hold 6 open on a tall spike.

**L \$2.00; M \$1.50; S \$1.00; Blbts. 20c each; 10-\$1.50**

**CLARENCE D. FORTNAM (440) Kadel '50 (90)**

A very beautiful imposing spike of ruffled and fluted florets—blush pink in color. Grows 56 inch tall and will open up to 10 florets on a 24 inch flowerhead. Bulblet production and germination excellent. Its generous florescence and perfect form make it a star performer on the show bench. Was the Grand Champion bloom at the 1950 Eastern International Show. Has a bright future as a cutflower.

**L \$5.00; M \$4.00; S \$3.00; Blbts. 50c each**

**CLEO (441) Youmans '48 (95)**

A light pink with a peach red feather on cream ground. Opens 8 5-inch blooms. Heavy substance and fine attachment. Will appeal to the florist and has a good show table record.

**L 75c; M 50c; S 25c; Blbts. 5-25c; 10-40c**

**CONNECTICUT YANKEE (441) Schnetsky '44 (90)**

A sensation on the show bench as it will open a double row of 8-10 florets at once. Attractive light pink with an orange-scarlet throat blotch. Rather slow propagation may limit its commercial value.

**L 20c; M 15c; S 10c; Blbts. 10-20c; 100-\$1.50**

**CONNIE G. (506) Woods '48 (80)**

Without a doubt one of the most beautiful creams available. Holds 8 large ruffled deep cream blooms open. Unfortunately bulbs are subject to "water mark trouble". This does not necessarily affect the performance of the bulb, but makes it look like thrip had eaten on bulb at husk lines.

**L \$2.00; M \$1.50; S \$1.00; Blbts. 2-30c; 10-\$1.20**

**CONVOY (570) Palmer '42 (85)**

A lovely purple color on a nice spike, opening 5 or 6 round recurved blooms. Very popular.

**L 10c; M 2-12c; S 10-25c; Blbts. pkg. 25c**

**CORONA (560) Palmer '40 (80)**

Very light creamy pink encircled with rose picotee edge. Good show record and splendid cutflower traits. Runaway propagator. Very popular and one we recommend highly.

**L 10c; M 2-10c; S 10-25c; Blbts. pkg. 20c**

"The gladiolus I had you send to a number of my friends were wonderful it was a real pleasure to have them tell me about the size and beautiful colors, they were the finest they had ever had."—D. C., Philadelphia, Pa.

**COVENTRY (511) Glass '47 (80)**

Attractive color of a rich yellow with contrasting feather of carmine. Opens 6 to 8 5½-inch florets.

L 12c; M 2-15c; Blbts. pkg. 25c

**COVER GIRL (542) LaSalle '45 (90)**

Makes a very tall spike with a large number of medium pink blooms open. Vigorous grower and rapid propagator.

L 10c; M 2-12c; S 10-25c; Blbts. pkg. 25c

**CRIMSON TIDE (452) Roberts '45 (90)**

A deep crimson red with exceptional heavy substance and ruffling. This is different than other reds and very nice. Bulblets should be held over for one year to get good germination.

L 35c; M 25c; S 20c; Blbts. 10-25c

**DAISY MAE (521) Lins '45 (90)**

Color salmon or orange pink with reddish blotch. We are not too keen on the color of this variety but must admire its exceptionally strong and dependable growing habits. Fast propagator.

L 12c; M 2-15c; S 5-15c; Blbts. pkg. 25c

**DAWN GLOW (560) Jack '45 (85)**

Heavily ruffled light rose pink with florets up to 6 inches across. Mr. Jack considers it the most beautiful variety he has originated to date.

L 12c; M 2-15c; S 5-15c; Blbts. pkg. 25c

**DESTINY (536) Butt '48 (85)**

Scarlet red with small white bars on lower petals. Makes a fine tall spike. A real blazing scarlet red, that stands out in any planting.

L 10c; M 2-12c; S 10-25c; Blbts. pkg. 25c

**DIEPPE (432) Hassall '45 (85)**

Deep salmon red with deeper blotch. A different, attractive color hard to classify. One of the top introductions of the last few years. Excellent habits and color make it a cutflower variety of real merit. Highly recommended.

L 12c; M 2-15c; S 5-15c; Blbts. pkg. 25c

**DOLLY VARDEN (532) Harris '50 (85)**

This is good news! An improved Aladdin. Many of you remember Aladdin—a grand glad but a short grower. How often we have said or heard others say what a glad Aladdin would be if it only would grow a foot taller. Dolly Varden is very much like Aladdin in color, generous florescence and makeup but unlike Aladdin grows tall. A real eye-opener dressed in salmon with a white throat.

L \$2.00; M \$1.25; S 75c; Blbts. 20c each; 10-\$1.50; 100-\$12.00

**DONNA (416) Pruitt '40 (95)**

Nicely ruffled golden buff. A tall husky grower. Makes a good cutflower. Still rates highly among the new modern ruffled beauties.

L 12c; M 2-15c; S 5-15c; Blbts. pkg. 25c

**DOROTHY ARMSTRONG (470) Beardmore '48 (82)**

A ruffled medium purple. Makes tall, graceful, wiry spikes. Eight open 4½-inch florets. Strong grower and good propagator. Should make a topnotch cutflower purple.

L 30c; M 20c; S 10c; Blbts. 10-30c; 100-\$1.50

**DREAM CASTLE (342) Lins '43 (82)**

This variety presents a ribbon of color with up to 10 florets open of a light pink shade and a creamy colored throat.

L 15c; M 10c; S 3-15c; Blbts. 10-15c

**DUSTY MILLER (486) Elliott '45 (85)**

Bright and lively smoky old rose, mildly blotched red with cream penciling. Very popular in Canada and deserves more popularity here as it combines a very pleasing color on a tall spike with 8 open florets.

**L 10c; M 2-12c; S 10-25c; Blbts. pkg. 25c**

**ELIZABETH THE QUEEN (566) White '41 (86)**

Beautiful deep lavender with darker lines in throat. Beautifully ruffled and holding 7 to 8 blooms open. Needs plenty of water to be at its best. Cutflower growers are now buying this by the thousands. One of the most popular items in our list.

**L 10c; M 2-10c; S 10-25c; Blbts. pkg. 25c**

**ESSA MARIE (542) Coutts '46 (82)**

Soft deep pink of a different shade. Dependable performer that does not flea, fade or crook. Fine Canadian reputation but deserves wider distribution here.

**L 10c; M 2-10c; S 10-25c; Blbts. pkg. 20c**

**EVANGELINE (560) Palmer '48 (92)**

A beautiful light rose with creamy yellow throat. Widely heralded as the best glad originated by Palmer since Picardy. Has won several championships. Holds 10 open on a 30-inch flower head with plant 5 ft. tall. Produces average amount of bulblets that grow exceptionally well. Blooms sometimes not placed too well.

**L \$1.00; M 60c; S 40c; Blbts. 10-50c; 100-\$4.00**

**FABULOUS (443) LaSalle '46 (85)**

Deep pink with a double half circle blotch of cherry red bordered by light cream. Unusual and attractive color, especially for those that admire the blotched ones.

**L 25c; M 15c; S 10c; Blbts. 10-15c; 100-\$1.00**

**FIREBRAND (452) Butt '44 (85)**

Medium red of glistening shade with white lines on lower petals. Opens up to 10 well-placed firmly-attached blooms. Good show variety and cutflower.

**L 10c; M 2-12c; S 10-25c; Blbts. pkg. 25c**

**FLORENCE NIGHTINGALE (500) Harris '47 (82)**

New ruffled glistening white, about as white as Maid of Orleans. Considered one of the best whites to come out of Canada where it received the highest award in their Test Garden and number one rating in their 1948 symposium. Grows 68 inches tall, 21 buds, with 8 or more 5½ inch florets open. Good propagator. Many cutflower growers now rate this as the No. 1 white gladiolus.

**L 25c; M 20c; S 15c; Blbts. 10-25c; 100-\$1.50**

**FLYING FORTRESS (586) Wilson '43 (93)**

Called the King of Smokies. Light smoky-gray with ability to hold 10 to 12 florets open. For floret size and number of open, this has them all beat. One spike is a bouquet in itself.

**L 15c; M 10c; S 2-10c; Blbts. 10-15c; 100-\$1.00**

**FRIENDSHIP (442) Fischer '49 (70)**

Our choice for the top '49 introduction. Combines beauty, vigorous growth and earliness. Sparkling pure pink shading to cream with a large white throat. Opens up to 8 beautiful round ruffled blooms on a tall spike.

**L 50c; M 35c; S 25c; Blbts. 10-50c; 100-\$4.00**

**FUCHSIA BELLE (462) Almey '45 (85)**

A new shade of rose red especially attractive in artificial light. Performance variable with us from year to year. Can make stunning spikes for the show bench.

**L 25c; M 15c; S 10c; Blbts. 10-25c**

**GAIL (466) Farrington '49 (85)**

A light lavender shading to a deeper lavender at the petal edges with a light penciling of rose cerise on the lower petals. Spike formation and balance near perfection and reminds one of Colonial Maid, one of its parents. Commercial traits outstanding, and it is a better propagator than we had expected.

L \$2.00; M \$1.50; S \$1.00; Blbts. 25c each; 10-\$2.00; 100-\$15.00

**GAYLORE (432) Harris '44 (80)**

A deep salmon pink with cream blotch. Tall strong uniform grower. Should be more widely grown as its cutflower habits are of the best.

L 12c; M 2-15c; S 5-15c; Blbts. pkg. 30c

**GELBER HERALD (411) Pfizer '47 (70)**

Amber yellow with carmine throat lines. Opens 6-8 slightly ruffled blooms on a tall spike. Promises to be a good early commercial yellow.

L 12c; M 2-15c; S 5-15c; Blbts. pkg. 25c

**GENE (410) Farrington '49 (75)**

Gene was one of the pleasant surprises of 1949. Combines strong healthy growth, rapid propagation, and earliness with pure light yellow color. Florets are beautifully ruffled.

L 50c; M 35c; S 25c; Blbts. 10-25c; 100-\$2.00

**GENGHIS KHAN (442) Scheer '41 (80)**

We have missed a good one in not growing or listing this before. Opens up to 6 ruffled waxy clear salmon pink florets. Sure to meet your approval.

L 12c; M 2-15c; S 5-15c; Blbts. pkg. 25c

**GEORGE MAZURE (566) Both '49 (82)**

An eyeopener because of its huge florets and many open blooms. Its generous florescence will make it a definite contender on the show table. Color is a pale orchid lavender with creamy throat. It is not a tall grower.

L \$1.00; M 75c; S 50c; Blbts. 10c; 10-75c

**GLAMIS (530) Palmer '40 (90)**

Glamour queen of its class. Beautiful clear salmon rose with creamy lip and ruffled edges.

L 10c; M 2-12c; S 10-25c; Blbts. pkg. 25c

**GOLD DUST (412) Pfizer '35 (70)**

We find this early deep yellow a dependable and profitable cutflower.

L 10c; M 2-10c; S 10-25c; Blbts. pkg. 20c

**GOLDEN OPHELIA (512) Jensen '49 (80)**

A large deep yellow with long pointed buds. Opens 6 slightly waved florets. Looks good.

L 50c; M 35c; S 25c; Blbts. 5-25c; 100-\$2.50

**GOLD MEDAL (516) Beardmore '48 (80)**

A giant buff yellow. Opens up to 6 ruffled florets. A fine show glad and a fanciers favorite.

L 50c; M 35c; S 25c; Blbts. 10-25c; 100-\$2.00

**GRACE DARLING (460) Harris '49 (75)**

Very pleasing blend of light rose pink and white reminding one of apple blossoms. A tall grower opening 7-5 inch florets. Another good glad—adding to the excellent reputation of this hybridizer.

L \$1.00; M 75c; S 50c; Blbts. 10c each; 10-80c; 100-\$6.00

"Received my Glads in tip-top shape, sure nice bulbs. Thanks a million for the overcount and extras. If they bloom the way the bulbs look, they sure will be a knockout."—L. B., Menominee, Mich.

**GRATITUDE (424) Fischer '46 (75)**

Called an improved Barcarole, being like it in color, but grows taller. Salmon orange with a sharp yellow throat. Valuable as an early cut-flower.

L 12c; M 2-15c; S 5-15c; Blbts. pkg. 25c

**GRAY DAWN (486) Both '43 (95)**

A striking novel color of medium light lavender blue-gray with darker feathering on petals. To see it is to want it.

L 12c; M 2-15c; S 5-15c; Blbts. pkg. 25c

**GRAY SUMMIT (486) Buti '50 (78)**

A clean smooth gray with an equally clean creamy white throat. Unusually high color value for a glad in this classification. Vigorous healthy plants and bulbs. Rapid propagator and blooms well from small bulbs. Grows 62 inches tall, opens 8 on a 28 inch flowerhead with up to 24 buds. For those that want something different in a cut-flower novelty and a ribbon winner on the show bench.

L 50c; M 35c; S 25c; Blbts. 3-25c

**HARMAU (533) Both '40 (75)**

Glossy salmon scarlet with deeper throat. Rapid propagator. Unique color not like any other variety.

L 10c; M 2-10c; S 10-25c; Blbts. pkg. 25c

**HAROLD K (536) Knight '49 (87)**

A giant deep scarlet. It makes a tall plant with 6-7 well attached and placed 7 inch blooms. One of the few American introductions to receive an award in the Canadian Test Gardens.

L \$2.00; M \$1.50; S \$1.00; Blbts. 25c each; 10-\$2.00

**HAVELOCK (370) Julyan '48 (85)**

A very fine rich deep purple that has been badly overlooked. Consistently holds up to 8 or more open. Will be a heavy prize winner at the shows and a splendid cutter.

L 25c; M 20c; S 15c; Blbts. 10-25c; 100-\$2.00

**HEART O' GOLD (401) Fischer '50 (65)**

Clean cut white with large distinct yellow throat blotch. Said to be one of the first whites to bloom, which should be of interest to cut-flower growers.

L \$1.00; M 75c; S 50c; Blbts. 2-25c; 10-\$1.00; 100-\$8.00

**HEART'S DESIRE (540) Fiedler '48 (80)**

Light creamy pink shading into white with a yellow throat with heavily ruffled florets. Opens 6 to 8 on a tall spike. A very attractive and useful glad for both show and commercial purposes.

L 60c; M 50c; S 40c; Blbts. 10-50c; 100-\$4.00

**HIGH COMMAND (540) Barrett '43 (93)**

Color shell pink. Holds up to 8 blooms open on a long flowerhead. Very strong powerful grower like Big Top and Ogarita. Looks like an excellent cutflower.

L 10c; M 2-12c; S 10-25c; Blbts. pkg. 25c

**HIGH FINANCE (580) Wilson '40 (95)**

Smoky light orange-gray with cream throat blotch. Opens 9 ruffled blooms on a tall spike. We feel sure you will like this one.

L 10c; M 2-10c; S 10-25c; Blbts. pkg. 20c

**HIGH LIFE (376) K & M '46 (70)**

Beautiful light blue with deeper throat. One of the best and most beautiful of the light blues.

L 12c; M 2-15c; S 5-15c; Blbts. pkg. 25c

**HUNTRESS (466) Jack '45 (75)**

Very promising early cutflower lavender. Opens 8 nicely placed and ruffled blooms on a spike of medium height.

L 12c; M 2-15c; S 5-15c; Blbts. pkg. 30c

**INDIAN SUMMER (486) Langworthy '49 (90)**

A novel blend of orange and purple, frosted gray overlay, with brilliant ruby-red throat feather.

L 20c; M 15c; S 10c; Blbts. pkg. 25c

**INVICTUS (441) Pacific Bulb Co. '42 (70)**

Color is white with pink glow and a vivid scarlet throat. Very early from large bulbs. Produces husky spikes for such an early glad. A money maker for the early cutflower grower.

L 10c; M 2-12c; S 6-15c; Blbts. pkg. 25c

**JEANIE (440) Pruitt '41 (85)**

Hard to beat this for beautiful color. Large, clear, rich pink with creamy yellow throat. Tall, strong grower with willowy stem. One of the best.

L 10c; M 2-10c; S 10-25c; Blbts. pkg. 25c

**JOHAN von KONYNENBURG (436) K & M '47 (85)**

Rich, glowing vermillion red. Considered one of the best gladiolus introduced by this famous Holland firm. Good propagator. Claimed to hold 10 open on tall straight stem.

L 12c; M 2-15c; S 5-15c; Blbts. 20-25c

**JULES AMOTT (452) Wilson '40 (90)**

Clear, rich, velvety dragon red. Pleasing color. Makes long flower-heads with up to 10 open. Tall, healthy, and a fine cutflower red. Unlike most reds, does not have any Picardy blood.

L 10c; M 2-10c; S 10-25c; Blbts. pkg. 20c

**JUNE DAY (441) Roberts '46 (60)**

June Day has the distinction of being the earliest pink to bloom. It is pink with deeper cherry blotches. It makes a tall spike with 6 open florets.

L 30c; M 20c; S 10c; Blbts. 10-20c; 100-\$1.50

**JUNE ROSE (460) Marshall '50 (70)**

Early deep rose that opens 5-6 blooms on a strong tall stem. It is a stronger grower and superior in many respects to such old standbys as Early Rose and Rose Delight. Recommended as a good investment for the early cutflower grower.

L \$2.00; M \$1.25; S 75c; Blbts. 20c each; 10-\$1.50; 100-\$10.00

**KATHY LEE (410) Fairchild '47 (75)**

Beautiful heavily ruffled light yellow. A sister seedling of Janet Lee. Opens 6 on a straight stem.

L 75c; M 50c; S 35c; Blbts. 5-30c; 100-\$5.00

**KELSEY (530) Yates '46 (88)**

A sport of Picardy. Color a glistening light salmon pink, blending to a clear cream yellow throat. Growth equal to Picardy at its best.

L 15c; M 10c; S 2-10c; Blbts. pkg. 25c

**KING CLICK (552) Wilson '41 (90)**

Very good scarlet red. Splendid show record, excellent commercial possibilities here.

L 10c; M 2-12c; S 6-15c; Blbts. pkg. 25c

**KITTYHAWK (366) Both '48 (85)**

A lovely lavender which will open 10 on a tall straight spike. Will make a very fine glad for the show table.

L 35c; M 25c; S 15c; Blbts. 10-30c; 100-\$2.00

**LADRONE (433) Palmer '47 (90)**

Called an improved Beacon with the outer petal colored a rosy tone. Highest rating, Canadian Test Garden '45 and '46.

L 15c; M 2-15c; S 3-15c; Blbts. pkg. 25c

**LADY JANE (406) Lake '41 (85)**

Clear cream with yellow lips giving an appearance of a light yellow. We have grown this in quantity as a cutflower for several years. Its superior color, handling and keeping qualities have made a hit with the florists. Excellent cutflower habits and one we recommend highly.

L 10c; M 2-10c; S 10-25c; Blbts. pkg. 20c

**LADY LUCK (440) Harris '44 (80)**

Peaches and cream sport of Picardy. Well liked by everyone and should crash the charmed circle of topnotch commercials without any trouble.

L 10c; M 2-10c; S 10-25c; Blbts. pkg. 25c

**LADY MARION (466) White '48 (85)**

A beautiful soft rose lavender that grows to a height of 65 inches with 10 open on a 33-inch flowerhead. Handles well and we think, has excellent cutflower possibilities. Fine show record including Champion Seedling at International Glad show. One of the most promising for the cutflower growers from the '48 introductions.

L 50c; M 40c; S 20c; Blbts. 10-25c; 100-\$2.00

**LANCASTER (470) Palmer '44 (85)**

The best exhibition purple on the market, also tops for color. Will open 8 lightly waved and ruffled blooms on a tall straight spike. Rather slow propagator for us.

L 15c; M 10c; S 3-15c; Blbts. 10-15c; 100-\$1.00

**LANCELOT (410) G. Snyder '49 (75)**

Received a very good rating in the N.E.G.S. and N.A.G.C. trial gardens. A light yellow that opens 7-5" florets. Florets are well attached and placed.

L \$1.00; M 75c; S 50c; Blbts. 3-25c; 100-\$6.00

**LA VALLE (507) Lines '49 (85)**

Color a deep cream or ivory buff with orange red throat blotch. Grows tall with 8 open florets. With better distribution will be a heavy show winner.

L \$2.50; M \$2.00; S \$1.50; Blbts. 2-35c; 10-\$1.30

**LAVENDER PRINCE (466) LaSalle '44 (90)**

Seedling of King Arthur. Makes a larger, taller spike and is a little lighter in color. Makes a dandy cutflower and we rate it highly. Proving to be one of the best cutflower lavenders on the market.

L 12c; M 2-15c; S 5-15c; Blbts. pkg. 25c

**LEADING LADY (506) Johnston '42 (87)**

Creamy white sport of Picardy. Identical to Picardy except in color. Can be cut in tight bud and opens perfectly. Few other whites can duplicate this. Frequent Grand Champ at the shows. One of the best glads introduced in the last few years. Be sure to try this one—it's tops.

L 10c; M 2-10c; S 10-25c; Blbts. pkg. 20c

**LIPSTICK (441) Balentine '41 (85)**

A very nice light pink with a rosy red lipstick blotch. We call it "The Poor Man's Connecticut Yankee" as the color is similar, but the price lower. Very good propagator, and deserves to be more popular than it is.

L 10c; M 2-10c; S 10-25c; Blbts. pkg. 25c

**MANCHU (411) B. Palmer '45 (80)**

A bright showy color of brilliant yellow overlaid with a pink flush and small vivid geranium red blotch. Very attractive color and a variety we feel sure you will like.

L 15c; M 10c; S 3-15c; Blbts. pkg. 30c

"Received my glad bulbs, and want you to know that I am very well pleased. Not only overcount and extras but all are extra good bulbs."—G. D. S., Paris, Ohio.

**MAPLE LEAF (580) Pletcher '46 (80)**

A huge smoky that has won major awards on the show table. The color of the maple leaves in the fall suggest its color.

L 30c; M 20c; S 10c; Blbts. 10-30c; 100-\$2.50

**MARGARET BEATON (501) Twomey '37 (85)**

Snow white with scarlet blotch deep in throat. Tall husky grower holding up to 8 blooms open. Outstanding for all purposes.

L 10c; M 2-10c; S 10-25c; Blbts. pkg. 25c

**MARGARET WOOD (570) Marshall '47 (75)**

A huge deep mauve purple. Its bloom size and color attract attention wherever shown. Florists ask for this one because of the beautiful floral work it makes. Has some irregular placement of florets. Will open large florets to tip when cut in tight bud. One of the most promising of the new ones.

L 12c; M 2-15c; S 5-15c; Blbts. 20-25c; 100-75c

**MARGUERITE (533) Pommert '39 (80)**

Very large ruffled blooms of watermelon pink with cream throat.

L 10c; M 2-10c; Blbts. pkg. 20c

**MARKET QUEEN (416) Kuhn '47 (85)**

Very vigorous growing apricot buff. Holds 8 open on a tall spike of 20 buds. Has a good trial garden record.

L 15c; M 10c; S 3-15c; Blbts. pkg. 25c

**MAURRIE TREVAN (454) Both '46 (80)**

Black red from Australia. Makes large florets on an exceptional long flowerhead. Should win easily in the shows.

L 60c; M 40c; S 25c; Blbts. 3-15c

**MID-AMERICA (550) Knierim '47 (85)**

A very strong growing brilliant light red. Grows 60 inches tall with 8 open on a long flowerhead. Has a good show record.

L 20c; M 15c; S 10c; Blbts. 10-20c; 100-\$1.50

**MIGHTY MONARCH (552) Butt '46 (88)**

Like Mid-America a very strong grower, but in a deeper shade of red. Should do very well on the show table. Recommended.

L 25c; M 20c; S 12c; Blbts. 20-25c; 100-75c

**MINSTREL (566) Palmer '44 (85)**

Opens 6 huge ruffled butterfly florets of lavender color. Rather slow propagator. Fine for show table.

L 20c; M 15c; S 10c; Blbts. 15-20c; 100-\$1.00

**MISS CHICAGO (560) Buckheit '49 (85)**

A beautiful rose with a lavender cast, with an inverted yellow crescent throat mark. Makes a formal spike with 8 open 6 inch florets. Rather slow propagator. Excellent show table record, and promises to be a good cutflower.

L \$2.00; M \$1.50; S \$1.00; Blbts. 20c each; 10-\$1.50; 100-\$12.00

**MISS WISCONSIN (460) Krueger '43 (90)**

Considered the best introduction from this hybridizer. A beautiful rose pink in a weak color class. Opens 5" blooms. Rather slow propagation and the outstanding merits of this variety make it in great demand.

L 12c; M 2-15c; S 5-15c; Blbts. pkg. 30c

**MODERN TIMES (560) Salman '48 (75)**

Wine red with narrow yellow lines on lip. Very pleasing color. Makes a tall spike holding 7 open.

L 12c; M 2-15c; S 5-15c; Blbts. pkg. 25c

**MONTPELIER (440) Hatch '47 (85)**

Clear salmon pink with some deeper feathering in throat. Outstanding cutflower prospects. Many consider it better than Spic & Span. Very tall spikes with 8 open 5 inch florets. Good propagator.

L 15c; M 10c; S 3-15c; Blbts. pkg. 30c

**MOTHER KADEL (310) Kadel '41 (77)**

Clear medium yellow. Nice clear color and a good shipper.

L 10c; M 2-10c; S 10-25c; Blbts. pkg. 20c

**MOUNTAIN GEM (436) Requa '46 (80)**

A pretty scarlet with a faint white picotee edge. Called an improved Algonquin as it is near its color and has better attached, rounder florets.

L 20c; M 15c; S 10c; Blbts. pkg. 30c

**MT. INDEX (401) Miller '42 (68)**

A very early cream white with yellow throat. Tall spike, earliness, and color have created a big demand for this variety.

L 10c; M 2-12c; S 6-15c; Blbts. pkg. 25c

**MRS. MARKS MEMORY (570) K & M '41 (85)**

Makes a large spike with mammoth florets of reddish violet color.

L 10c; M 2-12c; Blbts. pkg. 25c

**MUSIO CLEMENTI (476) Van Til '46 (75)**

Lobelia-blue overlaid with grey. Excellent novelty. Propagates well and seems very healthy for a blue. Blooms early.

L 15c; M 10c; S 2-10c; Blbts. pkg. 30c

**MYRNA FAY (466) Lines '46 (70)**

Orchid lavender shading to light rosy blotch. Strong propagator. Promising early lavender commercial.

L 15c; M 10c; S 3-15c; Blbts. pkg. 30c

**NANCY (450) Arnett '49 (88)**

The light red with the outstanding Trial Garden Record—with the highest average score in the four NEGS Test Gardens in 1947. Floret size 4½-5 inches, total buds 19, open florets 7, buds in color 5, days to bloom 88, height in field 56 inches. Excellent attachment, shipping toughness, perfect opening to tip after cutting, always straight. Good propagator and healthy. Nancy should prove to be one of the finest commercial reds.

L 25c; M 15c; S 10c; Blbts. 10-25c; 100-\$2.00

**NORTHERN LIGHTS (400) Stinson '49 (78)**

A beautifully ruffled white opening eight 5-inch florets of excellent substance on strong straight stem. An inconspicuous light purple line appears in the throat on the lip petals. Total of 18 to 20 buds on a 28-inch flowerhead. Excellent propagator. Northern Lights was exceptionally outstanding for us this past summer and we have had other good reports on its performance. Will be in big demand when better known.

L \$1.00; M 75c; S 50c; Blbts. 3-25c; 10-75c

**NOWETA ROSE (560) Fischer '50 (85)**

Lavender rose that makes a sensational 12 open spike with rest of buds in color. Already has a creditable list of winnings including the Grand Champion honors.

L \$1.50; M \$1.25; S \$1.00; Blbts. 2-35c; 10-\$1.50; 100-\$12.00

**OCTOBER SUNSHINE (420) Quackenbush '47 (85)**

A pleasing blend of orange to a golden yellow throat. Opens 7 or more florets on a medium height plant. Propagates well and opens from a tight bud when cut. Some misplacement. We are enthusiastic about this variety and think it is headed for the top.

L 35c; M 25c; S 12c; Blbts. 10-20c; 100-\$1.50

**OHIO NONPAREIL (550) Wilson '41 (85)**

Another of Wilson's superb reds. Often winner at the shows and with cutflower possibilities.

L 10c; M 2-12; S 10-25c; Blbts. pkg. 25c

---

"Also, I want to thank you for all the extras you included in my order. Persian Beauty is truly outstanding."—Mrs. H. W., Farmington, Minn.

**OGARITA (532) Wilson '42 (90)**

This is the tallest growing glad in entire list. Should not be difficult to grow in to 6 feet in height. Color rose salmon shading to golden throat. Florets a bit too small to go with the stem. If you want them big, try this.

L 10c; M 2-12c; S 10-25c; Blbts. pkg. 25c

**OKLAHOMA (386) Wilson '45 (90)**

Beautiful lilac grey with creamy throat. Good propagator. Not too tall a grower but all admire it for its beautiful and unusual color.

L 12c; M 2-15c; S 5-15c; Blbts. pkg. 25c

**ORANGE GOLD (422) Marshall '45 (80)**

Clear rich beautiful orange gold. A basket of this is outstanding. Grows tall with 5 or 6 florets open on a rather short flowerhead. Excellent cutflower.

L 12c; M 2-15c; S 5-15c; Blbts. pkg. 25c

**ORIENTAL PEARL (506) Carlson '46 (85)**

Called the Wonder glad of 1946. We have received several enthusiastic reports from our customers about this variety. Its outstanding trait is its ability to make well attached 7 inch florets. Its plain cream color and few open florets evidently will not detract too much from its popularity. If you like them big—try this.

L 10c; M 2-12c; S 10-25c; Blbts. pkg. 25c

**ORION (510) Chase '47 (80)**

Giant light yellow. Makes a very attractive spike with 8 open florets of heavy substance. Looks good to us.

L 25c; M 15c; S 10c; Blbts. 10-25c; 100-\$2.00

**PANDORA (442) B. Palmer '40 (85)**

Clear soft geranium pink with darker lines in throat. This variety has achieved an excellent reputation as a dependable cutflower pink. While not big it opens up to 8 blooms. If you are looking for a good pink be sure to try this one, we feel sure you will like it.

L 10c; M 2-10c; S 10-25c; Blbts. pkg. 25c

**PARTHIENA (566) Hitchcock '49 (80)**

A new shade of deep lavender, distinctive and very attractive, especially when used in arrangements. Opens 7 ruffled blooms on a spike of medium height. Excellent show record. Makes plenty of bulblets that germinate and grow well. Some question the attachment of the florets but apparently it is good enough to permit this variety to gain cutflower status.

L 50c; M 35c; S 25c; Blbts. 5-25c; 100-\$4.00

**PASTEL (486) Both '42 (85)**

Color a rosy gray with petals edged blue. A very pretty pastel colored smoky on a nice spike.

L 12c; M 2-15c; S 5-15c; Blbts. pkg. 25c

**PATROL (416) Palmer '46 (77)**

Clear lively apricot with yellow throat. Tall grower with good cut-flower habits. It holds up to 10 open. Has won several Sectional championships in the shows. Highly recommended.

L 35c; M 25c; S 15c; Blbts. 10-25c; 100-\$1.75

**PAUL RUBENS (470) Salman '47 (85)**

Terry, our son, owns the stock of this variety. He saved his nickels and dimes to get his start. All bulb sales on this go to him. Paul Rubens is a rhodamine purple. The color is a duplicate of the old Anna Eberius. Clear pure color, vigorous grower and a fine variety.

L 12c; M 2-12c; S 6-15c; Blbts. pkg. 25c

**PERDITA (313) Grout '48 (90)**

Attractive golden yellow with scarlet throat darts. Opens up to 10 ruffled florets. Topnotch exhibition variety.

L \$1.50; M \$1.00; S 75c; Blbts. 2-30c; 10-\$1.20

**PERSIAN BEAUTY (586) Knierim '48 (90)**

Color is Persian lilac blending out to rose taupe with a silvery gray edge on all petals. This is a sport of R. B. It retains all the size of florets, vigor, and habits of R. B., and is identical in fact except for color. All those who like R. B. we feel sure will want this variety.

L 30c; M 20c; S 10c; Blbts. 10-25c; 100-\$1.50

**PEGGY (366) West '46 (80)**

Clear light lavender that opens 6 on a tall straight spike. This looks good to us as a cutflower.

L 40c; M 25c; S 15c; Blbts. 6-20c; 100-\$3.00

**PENELOPE (466) Dean '48 (75)**

A new shade of mauve or lavender with a white throat and slight peppering of mauve in the throat. A color the ladies will like and one useful to the florists.

L 60c; M 40c; S 25c; Blbts. 6-25c; 100-\$3.50

**PERSIAN RUG (486) Roberts '50 (80)**

A striking blend of oriental colors mostly plum and rose with a large creamy yellow throat. Opens 6 or more frilled florets. Admired by many who saw it bloom in our trial garden this past summer.

L \$3.00; M \$2.25; S \$1.50; Blbts. 25c each; 10-\$2.00

**PHANTOM BEAUTY (440) Bastian '47 (85)**

Light pink with formal placement of 10 open. A fine show flower and should make a standard commercial pink.

L 12c; M 2-15c; S 5-15c; Blbts. 20-25c; 100-75c

**PICARDY (530) Palmer '31 (90)**

Standard salmon pink. Grown by the millions as a cutflower.

L 10c; M 2-10c; S 10-25c; Blbts. pkg. 20c

**POLYNESIE (432) K & M '49 (85)**

Color salmon with a yellow throat and a small salmon blotch. Will open 8 or more 5 inch florets on a tall spike. Looks promising for both cutflower and exhibition use.

L \$1.00; M 75c; S 50c; Blbts. 2-25c; 10-\$1.00

**PORCELAIN BLUE (478) Rich '44 (90)**

A pansy blue or medium dark violet, with a clean creamy throat feather. Grows 50 inches tall with 6 open 5 $\frac{1}{4}$  inch blooms. Fair propagator and a worthwhile addition to the blues.

L 40c; M 30c; S 20c; Blbts. 10-30c; 100-\$2.50

**PRES. TRUMAN (540) Salman '48 (90)**

Light pink shading to lighter pink in throat. Produces a formal spike with 8 or more open florets. Very promising cutflower.

L 15c; M 10c; S 2-10c; Blbts. pkg. 30c

**PREVIEW (460) Marshall '48 (80)**

Bright cerise-rose with harmonious blending to throat and midribs. Strong healthy plants with about 7 open blooms on long flowerhead. This has a bright attractive shade and one we feel will make a fine florists color.

L 35c; M 25c; S 15c; Blbts. 10-25c; 100-\$2.00

**PROSPERITY (530) Silva '47 (85)**

Beautifully ruffled light rose sport of Picardy. Looks good both as a show and cutflower.

L 15c; M 10c; S 2-10c; Blbts. pkg. 25c

**PURPLE SUPREME (470) Wilson '42 (85)**

Very tall purple with light picotee edge. Somewhat like King Lear in color but with better floret attachment. Color flakes off in wet, damp weather.

L 10c; M 2-10c; S 10-25c; Blbts. pkg. 25c

**RADIANCE (350) Butt '42 (70)**

Salmon red with slightly darker throat markings. Opens 8 on a tall spike. One of the best early ones in this color. Should be much better known.

L 12c; M 2-15c; S 5-15c; Blbts. pkg. 30c

**RAVEL (477) K & M '47 (77)**

Medium blue with a reddish brown throat mark. Ravel appears to be a very healthy grower, good propagator and builds a nice spike. Recommended as the best in this color.

L 15c; M 10c; S 2-10c; Blbts. pkg. 30c

**R. B. (590) Upton '40 (90)**

Rusty brown on old rose base. Novel color. Can win in shows for largest floret.

L 10c; M 2-10c; S 10-25c; Blbts. pkg. 20c

**RED CHARM (542) Butt '39 (85)**

A fine medium dark red with a deeper throat. A fine all around glad for show and cutflower use. Very consistent and tops in its color.

L 10c; M 2-10c; S 10-25c; Blbts. pkg. 20c

**RED CHERRY (450) Roberts '46 (70)**

A medium cherry red with slightly darker throat. Opens 7 round florets on a tall spike. Rapid propagation, nice color and earliness promise to put it on top as an early commercial red.

L 35c; M 25c; S 15c; Blbts. 10-25c; 100-\$2.00

**RED WING (536) Wright '48 (85)**

A vigorous-growing scarlet-red with a deeper scarlet blush on lower petals. Grows to 60 inches in height with a long flowerhead of 22 buds. Opens 8 or more 5½-inch slightly recurved and ruffled florets. Very promising exhibition and commercial variety. Considered by many as one of the best 1948 introductions.

L \$1.50; M \$1.00; S 50c; Blbts. 2-25c; 10-\$1.00; 100-\$8.00

**REGAL RED (536) Fischer '49 (100)**

A giant scarlet opening 5 or 6 well attached florets on stems 60 inches tall. Looks like a very promising late cutflower red.

L 25c; M 15c; S 2-15c; Blbts. 15-25c; 100-\$1.50

**RHETT BUTLER (336) Kuhn '47 (68)**

A bright flaming orange scarlet. Good grower and propagator. This is probably the earliest red to bloom and for that reason should be valuable to the early cutflower grower.

L 25c; M 20c; S 10c; Blbts. 15-25c; 100-\$1.50

**ROOSEVELT'S MEMORY (500) Salman '48 (82)**

A beautiful ivory-white with pale rose blotch. Said to hold 8 florets open on a long flowerhead. Early, and opens well from tight bud.

L 15c; M 10c; S 3-15c; Blbts. pkg. 30c

**ROSE GLOW (560) Klein '47 (90)**

Brilliant neyron rose. A self-color. Good grower and makes a tall spike with 5 open 6-inch florets.

L 15c; M 10c; S 3-15c; Blbts. pkg. 25c

**ROSE O'DAY (560) Fischer '44 (70)**

A tall-growing rosy lavender. Opens up to 8 blooms in a double row.

L 12c; M 2-12c; S 6-15c; Blbts. pkg. 25c

**ROSE CHARM (360) Fischer '48 (65)**

A lovely rose with cream throat blotch and mid-ribs. Makes up particularly nice in arrangements. Excellent propagator. Very valuable as an early cutflower.

L 12c; M 2-15c; S 4-25c; Blbts. 20-25c; 100-80c

"They are some of the best looking bulbs we have seen. We hope to get as much or more satisfaction out of them as we have the previous order we obtained from you."—E. J. K., Logan, Utah.

**ROSY TORCH (462) Rich '47 (80)**

Bright cerise rose. A beautiful color and one that will take with the florists. Opens 5 or 6 round flat open blooms on a straight, slender spike. Looks good to us.

L 15c; M 10c; S 3-15c; Blbts. pkg. 25c

**ROYAL WINDSOR (550) Beaton '46 (80)**

Bright spectrum red. Open 8 five-inch blooms on a medium tall spike. Heavy propagator.

L 20c; M 15c; S 10c; Blbts. 10-20c; 100-\$1.50

**RUFFLED NIGHT (454) Rich '47 (70)**

Opens 7-5 inch ruffled blooms with 7 buds in color. Color dark red with a sparkle and sheen. Not the largest dark red but certainly one of the most beautiful.

L 75c; M 50c; S 25c; 10-50c; 100-\$4.00

**SALMAN'S GLORY (507) Salman '47 (80)**

It is the opinion of several experts that this is the best variety to come out of Holland since the war. A rich creamy white with a striking red blotch edged with deep primrose yellow. Excellent propagator and fine habits. Holds 6-8 open with 7-inch florets.

L 12c; 2-15c; S 5-15c; Blbts. pkg. 25c

**SHERWOOD (470) Pruitt '48 (80)**

A tall-growing purple that opens 7 ruffled recurved blooms. Might be called an improved King Lear.

L 50c; M 35c; S 25c; Blbts. 10-30c; 100-\$2.50

**SIBONEY (566) Allen '48 (90)**

A clear medium lavender self-blending a little deeper in the throat. Florets are heavily ruffled. Will open 8-6 inch to 7-inch florets on a long flowerhead. Produces lots of bubbles that germinate and grow well. Medium height, but foliage grows low and broad, permitting a low cut.

L 75c; M 50c; S 25c; Blbts. 10-50c; 100-\$3.00

**SILVER WINGS (500) Ritsema '44 (88)**

Another white sport of Picardy. It is somewhat whiter and more ruffled than Leading Lady. Many consider this equal to or better than Leading Lady.

L 10c; M 2-12c; S 10-25c; Blbts. pkg. 25c

**SKYLARK (523) Palmer '48 (80)**

A very bright, vivid orange with a large throat of gold. Grows to 4 feet in height with 6 open. A bright striking color combination you will like.

L 50c; M 35c; S 20c; Blbts. 8-25c; 100-\$2.50

**SKYWAY (540) Stevens '48 (75)**

Introduced as a superior early light pink with white throat. A strong grower up to 60 inches with 7 open 5½-inch florets on a long flowerhead.

L \$1.50; M \$1.00; S 50c; Blbts. 15c each

**SNOWBELLE (400) Machacek '47 (70)**

Beautiful early ruffled glistening creamy white. From one of its parents (J. S. Bach) it inherited the ability to open 9 florets in formal outline.

L 50c; M 35c; S 25c; Blbts. 5-25c

**SNOW PRINCESS (400) Pfizer '39 (75)**

Large milky white with light cream throat. Regular performer, healthy, and rapid propagator. Considered the best commercial white in its price range.

L 10c; M 2-10c; S 10-25c; Blbts. pkg. 20c

**SOLID (312) Both '47 (80)**

A nice deep yellow with a long flowerhead. Promising cutflower prospect.

L 50c; M 30c; S 15c; Blbts. 5-25c; 100-\$4.00

**SOUTH SEAS (491) Wilson '47 (90)**

Attractive slate gray with deep orange and yellow blotch. Opens 7 florets on a tall spike. This one makes an immediate hit with the smoky fans.

L \$1.00; M 75c; S 50c; Blbts. 2-20c; 10-75c

**SPARKS (506) Glass '47 (95)**

Pale yellow with striking feathers of carmine. Opens up to 8, 5½-inch florets on a tall spike. This looks good to us.

L 20c; M 12c; S 4-25c; Blbts. pkg. 30c

**SPIC & SPAN (432) Carlson '46 (80)**

Ruffled deep pink that has made heavy winnings on the show table. Excellent commercial possibilities. Opens 10 in double row on tall spike of 22 buds. Good propagator. Receiving uniformly good reports wherever grown.

L 30c; M 25c; S 20c; Blbts. 10-30c; 100-\$2.50

**SPINDRIFT (400) Chase '47 (90)**

Beautiful ruffled creamy white. Will hold up to 8 open on a huge spike. Topnotch show glad.

L 35c; M 25c; S 2-25c; Blbts. 15-25c; 100-\$1.50

**SPOTLIGHT (413) Palmer '44 (80)**

Clear medium deep yellow with small scarlet blotch. Heavy propagator and tall strong grower. Along with Leading Lady one of the most popular glads introduced in last few years. Highly recommended.

L 10c; M 2-12c; S 10-25c; Blbts. pkg. 25c

**SPUN GOLD (312) Palmer '47 (75)**

A good deep, clear yellow. Early and may give Gold Dust competition as an early yellow when down in price. Looks like the cut spikes would open and keep better than Gold Dust.

L 15c; M 10c; S 3-15c; Blbts. pkg. 30c

**STORMY WEATHER (480) Barrett '47 (82)**

Beautiful lavender gray smoky. Called an improved Mother Machree. Will open 8 ruffled blooms on a spike 50 inches tall.

L 50c; M 35c; S 25c; Blbts. 5-20c; 100-\$3.50

**STRALIA (416) Both '47 (80)**

Ruffled florets of a buff and salmon blend. Runaway propagator. Promising commercial.

L 15c; M 10c; S 3-15c; Blbts. pkg. 30c

**STRATHNAVER (500) Peattie '47 (84)**

Tall, pure white which opens about 10 large, wide-open florets. Outstanding show variety. Rather slow propagator.

L 50c; M 35c; S 25c; Blbts. 10-50c

**SUMMER SNOW (300) Fischer '49 (85)**

Nearly pure white. Opens up to 7 ruffled well arranged florets on a tall spike. Consistent grower. Fine for arrangements.

L 25c; M 12c; S 3-25c; Blbts. 20-25c; 100-80c

**SUNLIGHT (416) Spiller '46 (87)**

We liked the beautiful color combination in this glad of pink shading to a golden center. It gives the impression of an orange at a distance. Good grower.

L 25c; M 15c; S 10c; Blbts. 10-20c; 100-\$1.00

**SUN SPOT (417) Roberts '45 (80)**

A lovely combination of apricot buff with a rose spot in throat. Nicely ruffled and will hold 8 5½-inch florets open on a tall stem. Was the grand champion spike at the International Glad Show at Binghamton in 1947. Outstanding for cutflower and show purposes.

L 35c; M 25c; S 2-25c; Blbts. 10-25c; 100-\$2.00

**SUSQUEHANNA (416) Herridge '43 (90)**

Beautiful peach buff with creamy throat. Clear bright pastel shade. Makes nice show spikes.

L 10c; M 2-12c; Blbts. pkg. 25c

**TARAWA (436) Palmer '46 (80)**

A flashy scarlet with cream throat spears. Opens 8 ruffled florets. Fine exhibition and commercial glad.

L 15c; M 10c; S 3-15c; Blbts. pkg. 30c

**TECUMSEH (480) Palmer '41 (95)**

Orchid like smoky salmon with darker blotch. Heavily ruffled and waved. Unusual and beautiful. Slow propagator.

L 20c; M 12c; S 2-12c; Blbts. 10-20c; 100-\$1.50

**TEMPLAR (400) Palmer '47 (95)**

Introduced as an improved late white. A very tall and reliable grower. We like this for a late white.

L 25c; M 15c; S 2-15c; Blbts. 20-25c; 100-\$1.00

**TEXAS (500) Buchanan '47 (70)**

An early waxy white with 5½ inch florets. Holds 6 open and grows to 50 inches tall. Should make a good early commercial.

L 20c; M 12c; S 2-12c; Blbts. 10-20c; 100-\$1.50

**TITAN (532) Palmer '39 (85)**

When well grown makes huge show spikes. Color salmon rose. An excellent late cutflower that now propagates better than previously.

L 10c; M 2-12c; S 10-25c; Blbts. pkg. 25c

**TIVOLI (460) K & M '47 (90)**

A clear light rose color somewhat like Coryphe. Opens 8 on a tall straight spike. Outstanding.

L 12c; M 2-15c; S 5-15c; Blbts. pkg. 30c

**TOPFLITE (560) LaSalle '46 (85)**

A most beautiful light rosy pink self—a new color in glads. Grows tall, opening 8-5 inch blooms on a wiry spike. Slow propagator. Temperamental in health.

L 50c; M 35c; S 25c; Blbts. 10-40c; 100-\$3.50

**TRAIL'S END (566) Ficht '49 (85)**

Deep rose lavender with a creamy yellow throat. Opens up to 8-5½ inch florets on a tall spike. Looks good.

L \$1.50; M \$1.00; S 50c; Blbts. 2-25c; 10-\$1.00

**TREASURE ISLAND (542) Lins '47 (90)**

Large light orchid pink. Opens 5-5½ inch ruffled blooms on a long flowerhead and on a tall plant. Very promising commercial.

L 40c; M 30c; S 15c; Blbts. 10-40c; 100-\$3.00

**TROCADERO (424) Lins '46 (87)**

A self color of carrot salmon-orange. Exceptionally tall vigorous grower, and a good propagator. Opens 6-5 inch florets. Will be widely grown for cutflowers.

L 40c; M 30c; S 15c; Blbts. 10-40c; 100-\$3.00

**TRUELOVE (440) Klein '45 (70)**

An early clear shell pink. Lovely color and dependable habits promise much for the future of this variety.

L 12c; M 2-15c; S 5-15c; Blbts. pkg. 30c

**TUNIA'S DELIGHT (522) Both '47 (80)**

Beautiful color combination of orange with a blue margin around the edge of each petal. 8 open florets.

L 25c; M 15c; S 4-25c; Blbts. pkg. 30c

**TUNIA'S MAHOMET (586) Both '43 (75)**

Deep velvety plum rose with orange scarlet in throat. Novel but beautiful smoky.

L 12c; M 2-15c; S 5-15c; Blbts. pkg. 30c

**VENIDA (460) Milo '47 (88)**

A beautiful rose colored glad with a cream throat. 8 five inch ruffled blooms open on a straight spike.

L 50c; M 35c; S 25c; Blbts. 10-50c; 100-\$4.00

**VICTORY QUEEN (430) Wilson '45 (95)**

Beautiful salmon orange with cream throat. Clear color with no flecking. 6 ruffled blooms open on a tall plant. Looks like one of Wilson's best. This should be popular with the florists.

L 12c; M 2-12c; S 10-25c; Blbts. pkg. 30c

**VULCAN (470) Stevens '42 (82)**

Medium shade of purple. Opens 7 blooms on a tall spike. Good grower and propagator. Nice purple and one that the ladies especially admire.

L 10c; M 2-12c; S 10-25c; Blbts. pkg. 25c

**WAR PAINT (436) Kadel '47 (90)**

Tall bright scarlet with 7 open 5 inch florets. Wonderful show flower and a fine commercial prospect.

L 50c; M 35c; S 25c; Blbts. 10-50c; 100-\$4.00

**WEDGWOOD (366) Fischer '47 (80)**

A color gem of waxy lavender with cream throat. Named for the delicacy and refinement of wedgwood pottery. Opens five gorgeous ruffled florets on a rather short stem.

L 25c; M 20c; S 2-25c; Blbts. 15-25c; 100-\$1.50

**WHITE CHALLENGE (501) Arnett '47 (90)**

Large white with a pale rose blush and a rose blotch in the throat. Opens 8 on a 22 bud spike. Has won frequently on the show table. Fine commercial prospect.

L 50c; M 35c; S 25c; Blbts. 2-25c; 10-\$1.00

**WHITE CHRISTMAS (500) Fischer '48 (85)**

Heavily ruffled beautiful white with sometimes a very faint pink tone. While the florets sometimes misplace a good spike of this is "out of this world" for beauty of form, texture and ruffling. Excellent show record.

L 25c; M 2-25c; S 3-25c; Blbts. 20-25c; 100-80c

**WHITE GODDESS (500) Roberts '48 (80)**

Exhibition white with cream throat. Holds 8 attractive ruffled blooms open on a tall spike. Looks like the tallest and strongest growing ruffled white. Recommended.

L 50c; M 30c; S 20c; Blbts. 10-40c; 100-\$3.00

**WHITE MAGIC (500) Kuhn '47 (80)**

A heavily ruffled pure white. Opens 6 or 7 on a 50 inch spike. Topped all entries in 1946 Mich. Trial Garden.

L \$1.00; M 75c; S 50c; Blbts. 25c each; 10-\$2.00

**WILMA DITTMAN (516) Maier '49 (85)**

Pale buff shading to faint scarlet lines in throat. Looks like a good show and cutflower glad.

L \$1.50; M \$1.00; S 75c; Blbts. 2-30c; 10-\$1.25

**WORLD BEATER (411) Pfizer '49 (85)**

A yellow like Spotlight with a slightly different shade of red in throat. World Beater will hold more open than Spotlight in double row placement.

L 30c; M 20c; S 10c; Blbts. 10-20c; 100-\$1.50

**YANGTZE (312) Harris '41 (80)**

Deep yellow. Very popular in Canada where it rated 22nd in their '48 Symposium. Good grower and deserves wider distribution.

L 10c; M 2-12c; S 10-25c; Blbts. pkg. 25c

**YANKEE LASS (440) Schnetsky '46 (85)**

Sister seedling of Connecticut Yankee. Beautiful shade of light shell pink. Opens 8-5 inch blooms in perfect double row. Fine show glad.

L 50c; M 35c; S 25c; Blbts. 10-50c; 100-\$4.00

## QUANTITY PRICES — NOT PREPAID

Prices indicated are per 100 F. O. B. Perry, Ohio. Twenty-five bulbs of the same size and variety will be sold at the 100 rate. Bullets sold 1 pint at the quart rate,  $\frac{1}{2}$  pint at quart rate when quart price is \$10.00 or more.

	No. 1 $1\frac{1}{2}''$ up	No. 2 $1\frac{1}{4}$ - $1\frac{1}{2}''$	No. 3 $1-1\frac{1}{4}''$	No. 4 $\frac{3}{4}$ - $1''$	No. 5 $\frac{1}{2}$ - $\frac{3}{4}''$	No. 6 $\frac{3}{8}$ - $\frac{1}{2}''$ QT.

# SEEDS

We offer a new thrill to our customers—that of growing glads from seed. New varieties with the exception of sports are developed and selected from bulbs grown from seed. Each seed (even from the same pod) will be a different new glad with characteristics of its own. The percentage of good ones will be small, but you will find many you will enjoy growing and the chance always exists that you may be lucky enough to find something outstanding.

To grow seeds into bulbs plant them a little less than an inch deep in a well prepared seed bed. Keep them well watered and in partial shade. Most seeds will develop into large enough bulbs to bloom the next year with good culture. Then you can select the ones you want to save and increase your stock by growing the bulblets attached to the bulb.

All seed crosses offered here were made by Rev. William J. Single. We know he has done a careful conscientious job of hybridizing. The first variety listed is the seed parent, the second the pollen parent.

Please order these seeds in units of 5 by number. They are priced at 4c per seed or 20c for a unit of 5 seeds. Please give us your second choice, as many crosses sell out early.

## EVERGREENS

T means once transplanted, TT means twice transplanted.

**YEW (TAXUS)** The finest small and medium ornamental evergreens are listed among the yews. Their good points include hardiness, adaptability to sun or shade, freedom from pests, response to pruning and remarkably good green foliage. Yews will grow in all but wet, poorly drained soils.

### Japanese Yew (*Taxus cuspidata*)

Spreading, somewhat flaring, fairly rapid growth. Mature specimens are 5-6' high and 6-10' across, but smaller size may be held indefinitely by trimming. Foundations, hedges, low screens, groups.

1 yr. T 4-8' 33c each, 5-24 30c, 25 or more 25c

### Upright Japanese Yew (*Taxus cuspidata capitata*)

A broad pyramid of 10-20 feet. Grows relatively slowly. Fine for corners of houses, framing doorways, and lawn specimens.

1 yr. T 4-8" 33c each, 5-24 30c, 25 or more 25c

### Hicks Yew (*Taxus media hicksii*)

Very dark green, leaves radiate in all directions from twigs for a pleasing effect. Columnar growth habit, 5-8 feet tall.

1 yr. T 4-8" 35c each, 5-24 33c, 25 or more 30c

### Brown Yew (*Taxus media brownii*)

Compact, broad, rounded-pyramid shape; short, dark green foliage. About 5-6' at maturity, nearly as wide as high. The best for small sheared hedges, useful in foundation plantings.

1 yr. T 4-8" 33c each, 5-24 30c, 25 or more 25c

**ARBORVITAE (THUJA)** Arborvitae need good, well-drained soil with ample moisture. Sunlight is essential; windswept locations must be avoided. All types benefit from an annual light trimming.

### Pyramidal Arborvitae (*Thuja occidentalis pyramidalis*)

One of the finest of all arborvitae, a tall, quite narrow pyramid to 15 or 18 feet at maturity. Useful for corners of buildings, formal gardens, tall screens and hedges.

2 yr. TT 5- 8" 45c each, 5-9 40c, 10 or more 35c

8-12" 55c each, 5-9 50c, 10 or more 45c

### Woodward Arborvitae (*Thuja occidentalis woodwardii*)

An excellent dwarf globe type, 3 to 4 feet at maximum. Dark green, compact, long-lived; a good subject for foundation plantings. . . . .

1 yr. T 4-7" 30c each, 5-9 28c, 10 or more 25c

### Globe American Arborvitae (*Thuja occidentalis globosa*)

Faster growing and larger than Woodward. 5 to 6 feet at maturity.

2 yr. TT 6-10" 55c each, 5-9 50c, 10 or more 45c

### Oriental Arborvitae (*Thuja orientalis*)

A broad pyramidal plant with foliage fronds arranged vertically, lending a formal appearance.

3 yr. T 6- 9" 15c each, 5-9 13c, 10 or more 10c

9-12" 18c each, 5-9 15c, 10 or more 12c

**JUNIPER (JUNIPERUS)** One of the oldest groups of ornamental evergreens. Adaptable to a wide range of soil conditions. Most junipers require full sun for best results.

### Keteleer Juniper (*Juniperus chinensis keteleeri*)

The best of the upright, columnar junipers. Reaches 15 to 18 feet. Compact, fairly rapid growth, almost never troubled by insects or diseases, one of the few junipers that will do well in partial shade. Dark, dull green color makes it a neutral type, good for combining with more striking foliage colors.

Grafts 6-9" 90c each, 5-9 85c, 10 or more 80c

**Globe Redcedar (*Juniperus virginiana globosa*)**

Best of the globe junipers. About 4 feet high and wide at maturity, dense, dark green, pest free. Outstanding formal subject for foundation planting.

**Grafts 6-9" 90c each, 5-9 85c, 10 or more 80c**

**Pfitzer Juniper (*Juniperus chinensis pfitzeriana*)**

An old favorite, regularly a bushy spreader 3 to 4 feet high and 6 to 8 feet wide. Its versatility is little known, however; it can be staked to form an upright type, or with regular shearing it produces a fine globe.

<b>Rooted cutting 5-7"</b>	<b>25c each, 5-9 23c, 10 or more 20c</b>
<b>2 yr. TT 4-6" spread</b>	<b>50c each, 5-9 45c, 10 or more 40c</b>
<b>2 yr. TT 6-9" spread</b>	<b>65c each, 5-9 60c, 10 or more 55c</b>

**Hetz Blue Juniper (*Juniperus glauca hetzii*)**

A recent introduction, very similar to Pfitzer except for lustrous silver blue color. Vigorous and beautiful, useful as a foundation accent point

<b>1 yr. T 4-7"</b>	<b>33c each, 5-9 30c, 10 or more 25c</b>
<b>2 yr. TT 3-5" spread</b>	<b>50c each, 5-9 45c, 10 or more 40c</b>
<b>2 yr. TT 5-8" spread</b>	<b>60c each, 5-9 55c, 10 or more 50c</b>

**CANADIAN HEMLOCK (*Tsuga Canadensis*)**

A short needled evergreen of graceful growth. Makes a magnificent pyramidal tree of 75 feet or more, or it can be restricted by shearing to make one of the very best broad pyramidal landscape types, from 5 to 15 feet. Superb for sheared hedges if given ample width. Grows in full shade and in full sun except in hot climates. Avoid dry soils and windswept locations.

<b>3 yr. T 9-12"</b>	<b>35c each, 5-24 33c, 25 or more 30c</b>
<b>3 yr. T 6- 9"</b>	<b>25c each, 5-24 23c, 25 or more 20c</b>
<b>4 yr. TT 5-8" sheared</b>	<b>45c each, 5-9 43c, 10 or more 40c</b>

**DOUGLAS FIR (*Psuedotsuga taxifolia*)**

A large tree, often 200 feet high in older specimens, pyramidal with horizontal branches and drooping branchlets. Unexcelled as a wind-break, very good for Christmas trees, a breathtaking specimen for a large estate, and valuable as a tall sheared hedge (allow ample width). Any soil or exposure except poorly drained, wet soil.

**3 yr. T 4-6" 20c each, 5-24 18c, 25 or more 15c**

**SCOTCH PINE (*Pinus sylvestris*)**

Bluish green foliage, compact growth, moderate size (30-35 feet at maturity). Will endure poor or wet soils and adverse conditions. Excellent for lawns Used extensively for Christmas trees, and smaller windbreaks.

<b>3 yr. T 2-5"</b>	<b>15c each, 5-49 13c, 50 or more 10c</b>
<b>3 yr. T 5-8"</b>	<b>20c each, 5-49 18c, 50 or more 15c</b>

**AUSTRIAN PINE (*Pinus nigra*)**

Dark green, coarse needles. A rapid grower reaching 75-85 feet. Does well on poor soils, making a good Christmas tree where other types fail. Top of the list for windbreaks.

**3 yr. T 2-5" 15c each, 5-49 13c, 50 or more 10c**

**NORWAY SPRUCE (*Picea abies*)**

An old favorite. Hardy and rugged, it is used for Christmas trees, windbreaks, mass plantings, and landscape specimens.

<b>3 yr. T 6- 9"</b>	<b>20c each, 5-49 18c, 50 or more 15c</b>
<b>3 yr. T 9-12"</b>	<b>25c each, 5-49 23c, 50 or more 20c</b>

### COLORADO BLUE SPRUCE (*PICEA PUNGENS GLAUCA*)

Slower growing and more compact than other spruces, these plants are highly adaptable to various landscape uses. They command top prices as Christmas trees. These are grown from seed, hence they exhibit varying degrees of blueness.

3 yr. seedling 2-4" 12c each, 5-24 10c, 25 or more 8c  
3 yr. seedling 4-6" 18c each, 5-24 15c, 25 or more 12c  
4 yr. TT 4-7" 35c each, 5- 9 33c 10 or more 30c

## FLOWERING SHRUBS

### CHINESE FLAME AZALEA (*Azalea Mollis*)

Hariest and easiest to grow of all azaleas. Usually blooms for Memorial Day, covering itself with large blossoms. Colors range from light yellow through orange and salmon to flame red. 3 to 4 feet upright spreading.

2 yr. TT 2-4" 25c each, 5-9 23c, 10 or more 20c  
2 yr. TT 4-6" 35c each, 5-9 32c, 10 or more 28c

### MULTIFLORA ROSE, Japanese Rose (*Rosa Multiflora*)

The "living fence." Becomes 6 feet high and 6 feet wide, so dense in 5 years that a razor back hog cannot penetrate it. Vigorous, hardy, adaptable to any soil, requires sun. Abundant clusters of white flowers in late spring, red berries in winter. Plant them 12-15 inches apart for fences. Also valuable for covering banks and waste land.

Seedlings	10	25	50	100	250	500	1000
3-5" light grade	\$ .35	\$ .70	\$ 1.20	\$ 2.00	\$ 4.00	\$ 7.00	\$ 12.00
5-10" medium	.65	1.25	2.40	4.00	8.00	14.00	24.00
8-15" extra heavy	1.15	2.30	4.00	7.00	14.00	24.50	42.00

## STRAWBERRIES

**DORSET.** Early. Brilliant red, exceptional firmness, attractive shape. Vigorous plant maker.

**FAIRFAX.** Midseason, 5-8 days after Dorset. Dark red, fine flavor. Recommended for the deep freeze.

**ROBINSON** (Scarlet Beauty). Late, 10-15 days after Dorset. Rich cardinal red extremely large, exceptionally sweet, good keeping quality. Excellent for jam

Plants of the above varieties: 25 for 85c, 50 for \$1.35, 100 for \$2.30, 250 for \$5.00, 500 for \$8.50, 1000 for \$15.00.

**SPECIAL:** 25 of each, 75 plants, for \$2.00 (\$2.55 value)

**SUPERFECTION.** A relatively new everbearing type with amazing yields of large, fine textured berries of unusual keeping quality. A vigorous grower and plant maker.

**STREAMLINER.** Said to have the largest berry of all the everbearing types. Brilliant red, nearly round, with delicious honey-sweet flavor. Everbearing plants: 25 for \$1.75, 50 for \$3.00, 100 for \$4.90, 250 for \$10.00, 500 for \$19.00.

## BROADLEAF EVERGREENS

### JAPANESE ANDROMEDA (*Pieris japonica*)

Compact, upright spreading, this plant is a beauty around the calendar. New foliage in spring carries bright shades of red, yellow and light green, deepening to a lustrous dark green for the remainder of the year. Drooping clusters of white, fragrant flowers are borne in April. The flower buds form in the fall, providing an interesting feature throughout the winter. Does best with partial shade in rich, well-drained soil. Avoid windswept locations.

3 yr. TT 4-7" 50c each, 5-9 45c, 10 or more 40c

### CONVEXLEAF JAPANESE HOLLY (*Ilex crenata convexa*)

A good substitute for boxwood in colder climates. Rounded, compact, slow growing, 4-5 feet at maturity. Small dark shiny green cupped leaves. Specimen, foundation, clipped hedge. Protect from winter wind and winter sun.

2 yr. TT 4-7" 45c each, 5-9 40c, 10 or more 35c

### ROSE DAPHNE (*Daphne cneorum*)

Low, spreading, bushy, about one foot high and 3 or more feet across at maturity. A cushion of fragrant rosy pink flower clusters in April or May with another blooming period in the fall. Good drainage is essential.

2 yr. T 4-6" spread 50c each, 5-9 45c, 10 or more 40c

2 yr. T 6-9" spread 60c each, 5-9 55c, 10 or more 50c

### WINTERCREEPER (*EUONYMUS*). The evergreen members of the Euonymus clan have no requirements as to soil or exposure; they will grow anywhere. The fruit, when mentioned below, is orange or orange red, similar in appearance to that of bittersweet.

#### Glossy Wintercreeper (*Euonymus fortunei carrierei*)

A spreading shrub. 3 feet high 5 feet wide. Glossy green pointed leaves about one inch long, good production of fruit. Ideal for clipped hedges.

Rooted cutting 3-6" 15c each, 5-14 13c, 15 or more 10c

#### Bigleaf Wintercreeper (*Euonymus fortunei vegetus*)

The best fruiter of the wintercreepers. Larger more rounded leaves than the Glossy type. A rank, bushy vine for wall or trellis; can be trimmed into a bushy shrub.

Rooted cutting 3-5" 20c each, 5-9 18c, 10 or more 15c

#### Common Wintercreeper (*Euonymus fortunei radicans*)

Vine or ground cover, slight shrubby tendency. Rather small, dark green leaves with prominent veins.

Rooted cutting 3-6" 15c each, 5-14 13c, 15 or more 10c

### JAPANESE SPURGE (*Pachysandra terminalis*)

One of the best evergreen ground covers. Relatively large, light green leaves. Spring bulbs planted to come up through a bed or border of Pachysandra creates an artistic picture. Requires at least partial shade.

1 yr. T, well established 25c each, 5-9 23c, 10 or more 20c

Rooted cuttings 15c each, 5-24 13c, 25 or more 10c

**GLADRIDGE GARDENS**

R. M. Fuller

PERRY, OHIO
